

Action Against Hunger is launching a network in Europe to promote social innovation as a tool to create a more inclusive European labour market.

The goal of this [network](#) is to help different organizations to successfully carry out **inclusive employment and entrepreneurship projects** through an exchange of best practices and participation in European programmes. Members and coordinators can be from any EU member state.

The network is co-financed by the **European Social Fund** in Spain, as part of the 2014-2020 operation programme on **Social Inclusion and Social Economy**, as a transnational cooperation project.

Annual award for best practices

One of the **key elements** of the network is the **Annual award for best practices** in labour inclusion and inclusive entrepreneurship. The call for this year is open, and the deadline to **submit candidatures** is 16th July. Best practices will be shared and the award will be granted at the **European Forum** that will take place on **3rd October**.
